Valley of the Sun Homecare has been so good to me! My caregiver, Chanelle, is like the daughter I've never had!

Dorothy Cazier – Client, Scottsdale, AZ

Valley of the Sun Homecare gives me great peace of mind. My Mother is 90 years old and she deserves the very best of care. She wishes to remain in her home as long as she can and Valley of the Sun Homecare makes that possible. No contracts - just a simple phone call and help is on its way. I live 250 miles away, so it is like having a family member living nearby. Valley of the Sun Homecare is there for me when I cannot be there for my Mother.

Sandra Schnerr – Daughter of Client, Henderson, NV

Our Mission

Finding the right provider to help care for your aging loved one is a daunting task. You want someone you can trust and depend on. Most importantly, you want someone who will care for your loved one as well as you do.

I started Valley of the Sun Homecare to make a difference in my community, right here in Arizona. My sole focus is to provide a local service you can count on for the very best in quality, reliable, in-home care – the same care I would provide for my own loved ones.

As a former caregiver, I know how challenging it can be for you to provide that care. It can be difficult watching a loved one struggle with basic household tasks, like meal preparation and laundry. I know the struggles you face in balancing the demands of your own life with those of your loved one's. Valley of the Sun Homecare can help lessen your burden, put your mind at ease, and give back the quality time with your loved one you both deserve.

Our mission at Valley of the Sun Homecare is simple: to treat each and every client like our own family. Please call us today at (480) 264-5252 to learn more about how we can make life easier – for you and your loved one.

Sincerely,

Jude Tarris

Our Caregivers

At Valley of the Sun Homecare, we pride ourselves on our exceptional staff of experienced, compassionate caregivers. We go above and beyond the industry standard to select and hire only those caregivers we could trust to take care of our own loved ones.

We are one of the only home care agencies in the valley which has a state of the art, in-house training facility. Our thorough orientation program is unmatched in the industry as we are dedicated to making sure our staff is trained to the highest standards.

Every one of our caregivers has completed a multi-step interview process, which includes a 50 state criminal background check, motor vehicle report, and drug testing. Additionally, our caregivers are certified in First Aid and CPR, covered by our professional liability, worker's comp, and auto insurance policy.

The Right Match

While it's important to have a caregiver you trust, it's also important to have a caregiver who is compatible with your loved one.

Our service begins with a free in-home assessment to personally match you with a caregiver best suited to your unique situation. During the assessment, our care coordinator will learn about your loved one's condition and then match you with an experienced caregiver who

suits your loved one's personality and physical needs. If, for any reason, you are not satisfied with your match we will happily make the necessary changes. In everything we do - from our extensive hiring process to our home assessments - our goal is to bring you the peace of mind that comes from knowing your loved one is comfortable, happy and receiving exceptional, compassionate care.

Our Approach

Valley of the Sun Homecare offers a full range of services to help maintain the independence and comfort your loved one deserves, all in the familiar and private surroundings of home.

Our caregivers are available any time - day or night - seven days a week. Whether you need us for just a few hours each week, or 24 hours per day, we will accommodate your schedule to provide the care you need.

My mother's caregivers are awesome! Deb and Patsy are well trained, honest, caring and very compassionate. I do not know what I would do without Jude and his wonderful team! They have come through for me in many instances and at the last minute. I would highly recommend Valley of the Sun Homecare. You will not be disappointed!
